## A Lecture on **WORLD ENVIRONMENT DAY 2022**

Since 1974, World Environment Day (WED) is celebrated annually on 5<sup>th</sup> June in all over the world as a part of UNEP. World Environment Day acts as a global platform where we can outreach people regarding every single issue related to environment in recent era.

In 2022, World Environment day will be hosted by the country Sweden under the theme “**ONLY ONE EARTH**” highlighting the need to live sustainably in harmony with nature by bringing transformative changes in several aspects.

As a part of this ever changing world, this programme tries to build awareness about environmental challenges faced by us today.
